

TrueTech Energy TT - FWPS Series

TrueTech Freshwater pressure sets are specially designed to meet customer specifications or delivered as standard units, our pressure sets are available in a wide range of flows and pressures

TrueTech Fresh Water Pressure set is designed for compactness and ease of use. For better durability under the different usage, our fresh water pressure set is made of 304L stainless steel and our sanitary water Pressure set is made of 316L or 316Ti stainless steel, with one or multiple pumps.

For added quality assurance, the pressurised tank used in the system meets the various **IACS members' class certification**

TrueTech Fresh Water Pressure Units are designed to fulfill the request for fresh water or sea water on board of sea-going vessels and offshore rigs.

STANDARD FEATURES

- ✚ ASTM 304L Stainless steel tank
- ✚ ASME Pressure Relief Valve
- ✚ 125 PSI Working Pressure
- ✚ Hand-Hole Sediment Cleanout
- ✚ Pressure- Gauges
- ✚ Water Level Gauge
- ✚ Pressostats For Pressure Control
- ✚ **Two Pump In Parallel, One In Operation And Another One In Stand-By**
- ✚ Liquid: Suitable For Sea Water Or Fresh Water Below 50 C degree
- ✚ Drain Valve
- ✚ Air Charge Valve
- ✚ Accessory: All Necessary Connection Pipes, Elbows, Flanges And Valves

OPTIONAL FEATURES

- ✚ ASTM 316L Stainless steel tank
- ✚ UV Sterilization Unit
- ✚ Manway (500-Liter and larger capacity- models only)
- ✚ 150 Psi Or 160 Psi Working Pressure
- ✚ Double Pressostats For Pressure Control

Warranty

3-Year limited tank warranty-
See Commercial Warranty Certificate for - complete information

TrueTech Energy TT - FWPS Series

*Fresh Water & Sea Water
Pressure Set
100 to 2,000 Liters Capacities
Vertical & Horizontal
Types*

Packing: Special wooden case for international export.

Production time: Usually in 20 to 30 days.

TrueTech Energy

TT - FWPS Series

ADVANCED FEATURES

- ✦ 200 OR 240 PSI WORKING PRESSURE
- ✦ INTEGRATED CONTROL FUNCTION AND ALARM OPTIONS ACCORDING TO CLIENT'S SPECIFICATIONS

100 % Right Product for Your Systems

- ✦ ISOLATION VALVES (RELIABLE BALL VALVES)
- ✦ SPECIAL SHOCK AND VIBRATION ISOLATORS
- ✦ DUBLEX TANK
- ✦ MARINE TYPE CABLE GROUP
- ✦ DECK STABILIZER SPECIAL MOUNTING FOOT
- ✦ HALOGEN FREE CABLES AND CABLE CHANNELS
- ✦ DISINFECTIVE AND PREVENTIVE SYSTEM FOR LEGIONELLA BACTERIA

For additional information please call the factory with the following:

- ✦ Required gallons per hour recovery needed
- ✦ Temperature rise needed
- ✦ Single or Double-Wall Coil
- ✦ If steam is the energy source, the steam pressure?
- ✦ If boiler water is the energy source, the water temperature?

*Factory FWPSrostatic And
Function Tests Before Shipping*

TrueTech Energy TT - FWPS Series

PLACE OF USAGE

MARINE

- Vessels
 - Mega Yachts
 - Tugboats
 - Cruise Vessels
 - Offshore Oil Plants
 - Applications for Military Purpose
-
- Patrol Boats
 - Reinforcement Boats
 - Amphibian Vessel Group
 - Cost Guard Boats
 - Rapid Reaction Boats
 - Sailing School Ships
 - Salvage Ships
 - Replenishment Vessels
 - Cost Guard Rescue Boats

We Delivery Hi Quality Products To Every Corner Of the World

Best Manufacturing & Delivery Time

We guarantee Best Manufacturing & Delivery Time

Best Price

With effective integration , the operation cost is lower down and we will provide a more favorable price and Professional service to your Company

Customer Satisfaction

100% customer satisfaction Guarantee

Save Time & Money

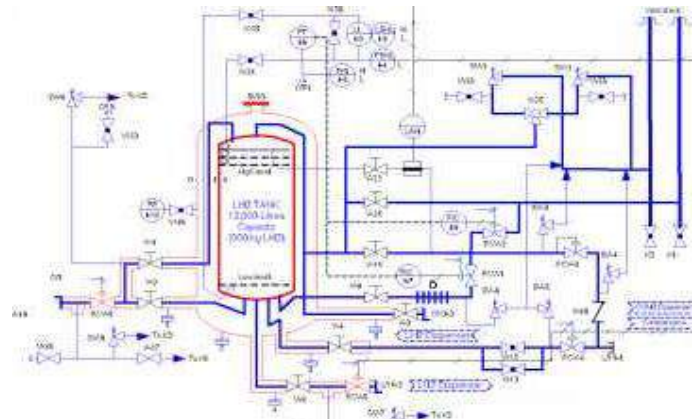

Project-Based Technical Support

UNLIMITED PRODUCT OPTIONS

INGRESS PROTECTION (IP) PROTECTION DEGREE (IEC 60529)

OPTIONS

The **protection** of enclosures against ingress of dirt or against the ingress of water is defined in **IEC529 (BSEN60529 : 1991)**. Conversely, an enclosure which protects equipment against ingress of particles will also protect a person from potential hazards within that enclosure, and this degree of protection is also defined as a standard.

PROTECTION DEGREE OPTIONS

IEC TYPE	NEMA/UL TYPE
IP 23 (TrueTech Standard)	NEMA 1
IP 30	NEMA 2
IP32	NEMA 3
IP44	NEMA 12
IP55	NEMA 12
IP64	NEMA 3
IP65	NEMA 13
IP66	NEMA 4X,4
IP67	NEMA 6
IP68	
IP69K

System Descriptions

TrueTech Fresh Water Units are specially designed for the offshore and marine applications .

Special designed fresh water pressure sets consist of all necessary equipment for fresh and hot water supply, such as ;

1. WATER HEATERS
2. HYDROPHORES
3. HYDROPHORE PUMPS

(TWO PUMP IN PARALLEL, ONE IN OPERATION AND ANOTHER ONE IN STAND-BY)

4. FILTERS FOR VARIOUS APPLICATIONS
5. RE CIRCULATION PUMPS FOR WATER CIRCULATION

(TWO PUMP IN PARALLEL, ONE IN OPERATION AND ANOTHER ONE IN STAND-BY)

6. UV-STERILIZER,
7. SPECIAL CONTROL PANEL

(INTEGRATED CONTROL FUNCTION AND ALARM OPTIONS ACCORDING TO CLIENT'S SPECIFICATIONS)

8. PRESSOSTATS FOR PRESSURE CONTROL
9. SPECIAL HANDLING CHASSIS

ACCESSORY : ALL NECESSARY CONNECTION PIPES, ELBOWS, FLANGES AND VALVES , INLET/OUTLET CONNECTIONS , DRAIN VALVE , AIR CHARGE VALVE , NAME PLATE
